Coleby Village. Council agreed that this is a more viable route. The AGI location has been moved from A1077/Ermine Street junction to junction of Cliff Road, Winteringham/A1077. Concerns raised over the location of the vehicular access to this site and possible felling of trees. HCCP consultants to check and confirm on access but they confirmed that no trees would be felled. Winteringham PC and residents not happy with AGI proposed location. Questions were raised over the route passing close to the landfill site. HCCP consultants assured residents that precautions and processes are in place to ensure no disturbance. Mitigation funding will be available at some point in the future
